

MASE Referrals- New Cases to Children's Social Care.

STEP 1

CSE concerns identified by multi-agency partner/practitioner.

Risk Assessment Tool completed and submitted with MARF to MASH Mailbox:

childrens@lbbd.gov.uk

MASH Triage, data gather and forward CSE Risk Assessment Tool to

MASEReferrals@lbbd.gov.uk

Decision made on further action in line with threshold document and CSE Flag loaded by MASH.

STEP 2

Cases meeting threshold, allocated for assessment/S.47.

Social worker submits 87A to Police for strategy discussion.

Social worker considers with their manager if MASE referral is required. If so CSE Risk Assessment is updated and emailed to MASEReferrals@lbbd.gov.uk

Social worker ensures that Risk Assessment Tool has been indexed in ICS/ Agency recording system

STEP 3

Triage at Pre-MASE to include QA of steps outlined above, data gathering for the VOLT (to inform Profile).

Case added to MASE Tracker

Cases meeting MASE Criteria identified.

Agenda set for MASE

Case note added to ICS by MASE coordinator confirming outcome

STEP 3

Case considered at MASE.

Relevant action agreed

Case note added to ICS by MASE Coordinator confirming outcome

MASE Referrals- New Cases to Children's Social Care.

STEP 4

CSE Risk Assessment updated by allocated social worker/ practitioner every 3 months

Indexed in Documents in ICS/ case records system.

If blockers to case progression / and or strategic information to inform disruption activity identified – refer back to MASE via MASE Mailbox for support/ intervention

Updated Risk Assessment to be presented to each CP and LAC Review with social work report.

For CIN cases, CSE Risk Assessment to be updated and presented to CIN Meeting every 3 months

Allocated social workers are responsible for closing the CSE Hazard flag when CSE concerns have been addressed in consultation with the relevant Reviewing Officer/ Manager.
